Prestige II Camera

Description

1296P Full HD Resolution Video Quality

The Prestige II Body Worn Camera features 32 megapixel recording for outstanding still recording or burst mode which can capture 30 frames in one second. The built in microphone also records audio. The ultra wide angle lens covers 140 degrees. Waterproof, the Prestige II Camera can withstand drops of up to 1 meter. Storage capacity is 64G. Continuous video recording up to 13 hours.

Night Vision Recording

The Prestige Camera automatically turns on the infrared light when conditions require it. Large and powerful infrared light can reach up to 15 meters in pitch black darkness.

32 Megapixel Camera

Arriving at the scene of an accident or crime the Prestige II camera enables the officer to quickly snap photo images even while the unit is recording video in both night vision and full color mode. The Prestige II features a maximum 32 megapixel camera with an available burst shot option. With the built in 64 GB memory the recorder can store thousands of high quality images instantly.

WiFi

With support for optional built-in WiFi, the Prestige II allows you to connect to a smart phone or remote. This app can turn your smart phone or tablet into a live video remote offering full control of all functions and settings.

GPS

The optional GPS function indicates on playback the exact location of the camera, as well as the time and date.

Prestige II 10 Port Docking Station

Unit Price: \$450.00

Police camera docking station is the latest charging and data-uploading device, which can connect to 10 cameras, via USB2.0 port. In addition to total power of docking reaching 120 W, each port can provide up to 2.0A of self-

adaption current, according to the connected devices. Users only need an office computer, without cumbersome wiring. It features multi-device data collection and charging. (Cameras not included)

Features:

- 1) All-metal structure, durable and tough.
- 2) Fully compatible with USB1.1 and USB2.0, plug & play.
- 3) With overload voltage and instantaneous current protection. Each port provides up to 2.0A current.
- 4) 10 docks for PRESTIGE II, so convenient and neat.
- 5) 4 pads to support docking station.
- 6) 7 air vents, and a fan for the motherboard. Effective controls from overheat.
- 7) With main switch to power on/off, directly control.
- 8) Support Windows 98/ME/2000/XP/Vista/ 7 / 8 / 10.

<i>Police Body Camera Docking Station</i>	
Function	Multi-units data uploading and charging
Maximum Quantity of Supported Units	10 PCS
Each port provides a voltage	5V
Each port provides a maximum current	2.0A, adaptive according to the connected device
Maximum Input Power	120W
Dimensions	38x25x11 cm
Net Weight	3.8 KG
Accessories	USB Data Cable, Power Cable
